**Step-1:** Navigate to <https://sendgrid.com/>

**Step-2:** Click on “Start for free” and register by entering the details

The screenshot shows the SendGrid registration process. It starts with a "Let's Get Started" screen where users can sign up for free. The form includes fields for Email Address (11192014@dracoe.com), Password (must be at least 16 characters), and a checkbox to use the email address as the username. There's also a checkbox to accept the Terms of Service and Privacy Notice. A "Try it out!" section lists features like Automated drip campaigns, Password resets, Newsletters, Receipts, Delivery notifications and updates, and Promoted emails. Below this is a "Waiting for api.sendgrid.com..." status bar. The next screen is "Tell Us About Yourself", which asks for personal and company details. The form includes fields for First Name (Ravi), Last Name (Joshua), Company Name (Anna University Regional Campus), Company Website (http://autmd.edu/), Country Code (India (+91)), and Phone Number (8760578903). It also asks for the user's role (Developer, CEO, Marketer, Other) and how many emails they send per month (0 to 100,000, 100,000 to 700,000, 700,000 to 1,500,000, 1,500,000 to 10,000,000, 10,000,000 to 50,000,000, 50,000,000 to 100,000,000, 100,000,000+). Finally, it asks how many employees work at the company (1-500, 501-1,000, 1,001-5,000, 5,001+). A "Get Started!" button is at the bottom.

**Step-3:** Once registered, Complete Two-factor Authentication and get access to Sendgrid Dashboard
